

THE TOUGHEST ROAD MARKING PAINT IN THE WORLD

ROADZILLA® METHYL-METHACRYLATE (MMA) AREA 98:2 SPRAY TWO-COMPONENT TRAFFIC MARKING SYSTEM

Roadzilla® MMA 98:2 is a high-performance twocomponent methyl-methacrylate traffic paint engineered for exceptional durability in the harshest roadway environments. Its fast cure, long-lasting adhesion, and superior chemical resistance make it ideal for high-wear areas and snowplow regions. Trusted across North America, Roadzilla® MMA 98:2 reduces maintenance frequency while delivering long-term visibility and performance.

FEATURES

- Fast dry time: less than 10 minutes at 77°F
- Outstanding durability for heavy traffic and snowplow wear
- Profile (Type II) marking system
- Excellent chemical resistance
- 99% minimum total solids
- Exceptional visibility and retroreflectivity
- Compatible with glass beads for enhanced performance
- Proven long-term performance in demanding climates

IDEAL APPLICATIONS

- Intersections
- Crosswalks
- Stop bars
- High-traffic lanes
- Snowbelt regions
- Areas exposed to chemicals or vehicle fluids
- Benox L40-LV Catalyst or equivalent, sold separately directly from catalyst manufacturer

Aexcel Corporation, Your Traffic Paint Partner

For over 60 years, our attentive customer service and on-time production and delivery of high-performance products have helped drive results for many customers. Aexcel is ready to help you whether you're a traffic paint distributor looking to serve your marketplace better, a municipality hoping to restripe your roads and parking lots with less frequency, or a striping contractor aiming to minimize paint failures and rework.
