

AEXCEL EPOXY

Our 2-component epoxy adhesive provides max holding power for permanent raised pavement markers.

Aexcel's epoxy adhesive offers unique benefits to the traffic industry. This durable and advanced product ensure that our traffic-related offerings deliver superior performance and long-lasting results. Our system can be applied easily with standard epoxy adhesive dispensing equipment.

EPOXY FEATURES

- **Enhanced Durability:** Once cured, our epoxy is formulated to withstand the harshest traffic, maximizing the life of the adhesion.
- **High Adhesion:** Our epoxy adhesive meets the AASHTO T 237 bond strength, ensuring it will bond well and stay bonded.
- **Cure Time:** Once the product is applied, you have 6 to 10 minutes of working time before it starts to harden.
- **Substrates:** Our epoxy bonds to a variety of concrete and asphalt substrates, reducing the need for multiple products at the job site.

Aexcel Corporation, Your Traffic Paint Partner

For over 60 years, our attentive customer service and on-time production and delivery of high-performance products have helped drive results for many customers. Aexcel is ready to help you whether you're a traffic paint distributor looking to serve your marketplace better, a municipality hoping to restripe your roads and parking lots with less frequency, or a striping contractor aiming to minimize paint failures and rework.
